Supersedes All Previous Rosters

This roster has been compiled in accordance with M.G.L. c. 140, § 131 ¾. It contains weapons determined to have been originally manufactured for the civilian retail consumer market as large capacity weapons as defined by § 121 of chapter 140. Weapons not listed on this roster may also be large capacity weapons if they are semi-automatic, and are capable of accepting or readily modifiable to accept a large capacity feeding device.

For the purposes of M.G.L. c. 140 § 121, "Capable of Accepting" shall mean any firearm, rifle or shotgun in which a large capacity feeding device is capable of being used without alteration of the weapon; provided, however, that said feeding device is fully or partially inserted into the weapon or attached thereto, or is under the direct control of a person who also has direct control of a weapon capable of accepting said feeding device.

For the purposes of M.G.L. c. 140, § 121, "Readily Modifiable to Accept" shall mean any firearm, rifle or shotgun immediately capable of being altered so as to accept a large capacity feeding device; provided, however that said feeding device is fully or partially inserted into the weapon or attached thereto, or is under the direct control of a person who also has direct control of a weapon capable of accepting said feeding device.

NOTE: Unless otherwise exempted by § 121, the term "large capacity weapon" shall apply to all semiautomatic weapons equipped with large capacity feeding device, including any such weapons not listed on this roster.
